

Plainview Jewish Center

SISTERHOOD

Lynn Lederkramer, President

The goal of the Sisterhood of Plainview Jewish Center is to make Judaism meaningful, dynamic, and vital for every member and her family. We provide Jewish education, share and develop our skills, promote Jewish social contact and friendship through programs that are religious, educational, cultural, civil and social. We are involved Jewish women who are concerned about community, national and world affairs.

Sisterhood as an arm of our synagogue fosters Jewish learning in our religious school by giving scholarships to promote continuing education in our Hebrew High School, subsidizing holiday celebrations and providing stipends to our youth who attend USY encampment and conventions. In our effort to reach all generations we send Chanukah and Purim kits to our college students, and provide a shopping service to our homebound elderly. Sisterhood's financial support and countless volunteers enable us to supplement the needs of our Congregation. At a time of joy we prepare Shalach Manot baskets for our members and their families and friends. In a time of sorrow our Mitzvah Committee provides shiva setups as needed. Fundraising makes it possible for us to contribute annually to various Jewish organizations in the United States and around the world. Sisterhood truly symbolizes the meaning of mitzvah.

We invite you to join our wonderful organization. Sisterhood meets on the first Tuesday of every month and the community is always welcome. Help us to perpetuate Judaism.
